### FROM THE PRESIDENT

Thank you to club members who have actively participated in club maintenance and events.

Thanks go out to Tom Jones for setting up and facilitating the Wednesday night buffalo shoot. A good time was had by those who participated. It is quite a challenge to shoot 100 yards with a .22 at a target the size of a cantaloupe while standing. Watching at least one buffalo fall over is an accomplishment and great practice, not to mention the friends you make.

Don Lessard, thank you for mowing the lawn and removing the trees that blew down and blocked the drive to the trap range. Your service as vice president has been greatly appreciated.

Tom Braesch, thank you for mowing and participating at club events.

Mike Hohm, welcome to the vice president's position with the club. Thank you for mowing at the club and helping out on Tuesday nights with the trap range and a special thank you for maintaining and repairing the trap machine.

The Appleseed shoot was a great success for those who attended. The shooters got wet (it rained) but had a great time and learned some new shooting skills. Thanks to the Appleseed instructors for sharing their knowledge.

Thanks to Jeff Lazar for grading the road down to the rifle range. With all the rain we had, it sure washed a gully in the road. We are safe to travel again.

Thanks to members who sign in at the range—it is good to see so many shooters are enjoying the facilities. Remember to shoot safely and shoot often.

Tim McGuire, President.

### **NEW SIGHT IN DATES**

At our September meeting, it was decided to limit the number of days we'll be open for sighting in rifles. This year we'll only be open from November 12<sup>th</sup>, Saturday, through Friday the 18<sup>th</sup>. Hours will be the same, 9 a.m.

to 4 p.m. and the cost per rifle will remain the same. We'll need some help again this year. If you can spare a day, a half day or even several hours, please call Tom Braesch at (715) 934-3600 to schedule a time.

### **WINTER PELLET LEAGUE**

If there are members who would be interested in shooting in a winter pellet pistol league, please let Sheila Shambaugh know. If there is anyone interested, she will schedule the league. Last winter there were only four
